Connect your work with a global audience

The Exhibition Hall is where the field's **most important conversations** happen. It offers your organisation a dedicated space to:

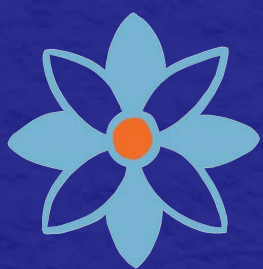

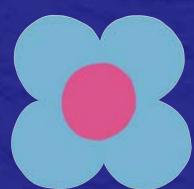

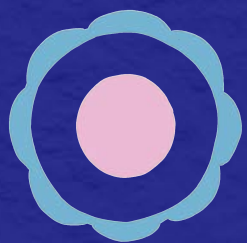

- **Share your evidence**, tools, and publications directly with the people who will use them
- **Launch and learn about** new initiatives
- **Connect with** the policymakers, researchers, practitioners, and funders who can take **your work further**

Where the real networking happens

Some of the **best conversations** at Forum don't happen in the plenary - they **happen in the Exhibition Hall**. It's where attendees **decompress, reconnect, and meet** people they wouldn't otherwise find.

Book your stand by 21 June 2026

Spaces are limited. Secure yours now:
